Description:

Review BoingBoing's Official Review:

This story is terrific. I was completely immersed.

Wired.com's Geek Dad Review:

The Wool Omnibus is a great book and deserves recognition as a full fledged contribution to sci-fi.

NYT Bestselling Author Rick Riordan:

Hugh Howey is a skilled storyteller. Secrets unfold with just the right pacing, and I had to set my e-reader down several times and say, "Wow," when a major twist was revealed. If you're looking for a good post-apocalyptic read, you can't do much better than WOOL.

"The old assumptions about indie books no longer hold true, and readers need to be prepared to adjust their expectations accordingly. *The Wool Omnibus* is a great book and deserves recognition as a full fledged contribution to the science fiction genre."- *Wired.com's GeekDad Review*

About the Author Hugh Howey spent 8 years working as a yacht captain. When he was pulled away from the sea by the love of his life, he turned to his childhood dream of becoming an author. His Molly Fyde series has won praise from reviewers, and now his Wool series has become a #1 bestseller, with Random House publishing in the UK and Ridley Scott and Steve Zaillian securing the film rights. He lives in Jupiter, Florida with his wife Amber and their dog Bella.
