## Description:

### Amazon Exclusive: Interview with Sylvia Day

After naming Sylvia Day's a 2012 Best Book of the Year in Romance and devouring , we've been anxiously awaiting the release of the third book in Day's scorching Crossfire series, . To whet our appetites and make waiting for the book's arrival a little easier, Amazon Romance expert Alyssa Morris spoke with Day about what's next for Gideon and Eva, her upcoming collaboration with Harlequin and *Cosmopolitan*, her all-time favorite romance novels, and much more.

**Alyssa Morris:** Now that you've had a bit of time to absorb the success of *Bared to You*, does it feel real? Or are you still surprised?

**Sylvia Day:** I'm still surprised! I'm glad I'm a veteran and that I've been publishing for close to 10 years, so I had some experience under my belt as far as dealing with it. But on the other hand, there's no way to anticipate writing something that becomes a global phenomenon, you know. I don't know about other writers--I didn't even dream about anything like that. I always figured that it just happened to the Stephenie Meyers and J.K. Rowlings of the world. So, yeah, I don't think I'll ever get over being surprised that I had a series that struck such a chord.

**AM:** It just hit such a moment in our culture, where all of a sudden this is what everyone wants to be reading. It's an interesting confluence.

**SD:** Right. We always talk about that, about right book, right time. Random House released on the same day I self-published *Bared to You*, so talk about the right timing. Just... wow!

**AM:** Do you have a favorite moment in the Crossfire series so far?

**SD:** You know, I really loved the weekend that Gideon and Eva spent in the Outer Banks. These poor guys. When they're alone, they're fine. Life is perfect when they're alone. Unfortunately, they don't get a lot of time alone. [Laughs] So I just love that. I love seeing them together away from all of the distractions and intrusions and everything else that's going wrong in their lives.

I can't talk too much about *Entwined with You* because it's not out yet. And that's so hard, because I so want to talk about it! But there's more alone time with Gideon and Eva as we move forward in the series and they grow stronger, so I'm really enjoying that as a writer.

**Review** "Day's highly anticipated third Crossfire novel is worth the wait. Eva and Gideon's relationship reaches a new level, and while they continue to struggle with mistakes from their past, there's no denying the fiery passion that blazes between the two. It's been a delight watching Eva grow into a strong, confident woman, and even Gideon makes some progress as a partner worthy of such a fantastic heroine." - *RT Book Reviews*

"Day takes romantic love by the scruff of the neck and injects it with a Class-A drug for added intensity, but in ***Entwined with You*** also produces a love story that is ultimately sophisticated, engaging, clever and sweet." - *The Irish Independent*

"... the characters are compelling, and the book itself is well written and the characterization is interesting. The sex scenes in this book are extremely hot and they do advance the connection between the characters." - Dear Author

"The Crossfire series raises the bar... Although they may have been victims in the past, they are no longer. Strengthened by their resolve to take control of their lives, instead of being controlled by their past; both Eva and Gideon display great character development. I highly recommend ***Entwined with You***." - Night Owl Reviews

Praise for *Bared to You*, the first book in the Crossfire Trilogy:

"Bared to You obliterates the competition...unique and unforgettable."--*Joyfully*
